

FINANCIAL SUPPORT THROUGH **eVoucherRx™**

Patients with commercial insurance and a valid prescription may be eligible for copay savings on select ViiV Healthcare medications.*

NOT ACTUAL
PATIENTS

eVoucherRx™ is an automated program operated by **CoverMyMeds®** at participating pharmacies. eVouchers will be **automatically applied at the pharmacy** to qualifying claims without the need for patients to apply for savings cards or coupons.

- Patients must have qualifying insurance
- Excludes patients enrolled in Medicare (including Part D), Medicaid, or any similar state or federal program
- eVouchers cover patients' out-of-pocket costs. Total eVoucher limits apply
- Only valid for eligible ViiV medications. View eligible medications at ViiVConnect.com/hcp/eligible-medications

If a pharmacy does not participate in **eVoucherRx™**, patients may still be eligible to enroll for copay savings and assistance through ViiVConnect.

Visit ViiVConnect.com/patient/get-savings-information to learn more about **ViiVConnect Savings Programs**.

*Subject to eligibility, program terms, and conditions. ViiVConnect programs do not constitute health insurance.
