# INJECTABLES

## The ViiVConnect Patient Savings Program for ViiV Injectables

Eligible patients could pay as little as \$0 copay for their injectable medication.\*

The ViiVConnect Patient Savings Program can help eligible patients with commercial insurance save on costs related to APRETUDE (cabotegravir) or CABENUVA (cabotegravir; rilpivirine), including:

- Deductibles
- Prescription medication copays
- Injection administration copays

**NOTE:** The ViiVConnect Patient Savings Program cannot cover costs for clinical testing or office visits.

### Eligibility Criteria—Patient:

- ✓ Has a commercial medical or prescription insurance plan that covers the ViiV Injectable, AND
- ✓ Is a resident of the United States (including Puerto Rico)
- ✓ Is NOT enrolled in a state or federal government-funded medical or prescription insurance plan such as Medicare, Medicaid, Veterans Affairs, or TRICARE
